Comments on teaching (strengths, areas for improvement)

[Student 3235](#) - Yonah is likely headed to a professorship based on his thoughtful comments and critical thinking skills. He should teach the thesis prep class or do more than he is currently doing so DUSP can really use him to his fullest extent.

[Student 39605](#) - Yonah Slifkin was great offering feedback for my thesis proposal.

[Student 41252](#) - Yonah is a great teacher! Similar to Bish, I feel he has a very rigorous approach to ideas and helped me wring out the ideas to realistic and feasible questions to pursue during the three office hour meetings I have had with him. I feel that in addition to just arguing about reasoning behind thesis proposal ideas, it is great that he was able to instill excitement about the topic, which I sometimes lost along the way. Thank you for that!
